

INCLUSIVE BEHAVIOR INTERVENTION CERTIFICATE

PROGRAM OVERVIEW

The Inclusive Behavior Intervention Certificate Program is a seven course (21-credit) certification focused on inclusive and comprehensive behavior intervention and Applied Behavior Analysis. There is a serious shortage of qualified teachers and interventionists with skills to effectively implement inclusive behavior intervention strategies in the Pikes Peak Region schools as well as across the state and beyond.

This 21 credit seven course sequence meets the minimum content hour requirements for Board Certified Behavior Analyst eligibility, and is verified by Applied Behavior Analysis International. This program provides the coursework for students to complete the additional requirements to become licensed as a Board Certified Behavior Analyst (BCBA), which would require them to complete independent practicum hours and pass the BCBA exam.

WHO SHOULD ATTAIN THE CERTIFICATION?

- Teachers who want to learn inclusive behavior intervention strategies, behavior analytic principles, and continuing education credits
- Individuals who want to become a Board Certified Behavior Analyst (BCBA) interested in completing an MA in Special Education
- Individuals who want to earn a Masters Degree in Special Education w/ focus on inclusive behavior intervention
- Individuals w/ an existing MA who wish to become a Board Certified Behavior Analyst
- Current Board Certified assistant Behavior Analysts (BCaBA) who would like to earn a Master of Arts Degree and promotion toward Board Certified Behavior Analyst (BCBA)

ADMISSIONS CRITERIA

- Bachelor's degree from an accredited university
- Overall undergraduate GPA of 2.75 or better
- Three letters of reference
- Career goal statement
- Current resume
- Interview with a faculty advisor
- Students must either have a Master's Degree or have taken the Intro to SPED class the summer prior, before beginning the BCBA cohort program.

For more information about the Verified Course Sequence, visit
