# UCCS STUDENT AFFAIRS IN HIGHER EDUCATION PROGRAM UPDATES

## Celebrating New Beginnings

by Annie Landis, SAHE GA

There are many things to celebrate in SAHE as perhaps one of our strangest semesters comes to a close. In this program update we will be highlighting the incoming SAHE cohort who will begin their program this summer. We will also be recognizing the 2019 Fall and 2020 Spring graduating SAHE students during our virtual celebration (Zoom meeting ID 145 471 220) at 5pm on Thursday, May 14th. Many of these students have started their new beginnings in full time professional positions at institutions around the nation! Dr. Nick Tapia-Fuselier will be joining the SAHE program as new faculty and is represented in this program update.

Though things have appeared dull, behind the scenes SAHE is shining bright with plans for Fall engagement and professional development!

# Faculty Spotlight

**Dr. Nick Tapia-Fuselier**

**Hometown** – I'm originally from Eunice, Louisiana. However, I went to college and lived in New Orleans for many years, so that city feels most like home.

**Current Degree** – I most recently earned my Ph.D. in Higher Education from the University of North Texas. I also earned a Master's in Student Affairs in Higher Education from Texas State University and a Bachelor's in Interdisciplinary Studies from the University of New Orleans.

**Courses** – This upcoming academic year, I'll be teaching College Student Development Theory and Crisis Preparedness and Response in Higher Education to the undergraduate students, Policy Analysis and Evaluation in the Ph.D. program, and Culturally Responsive Practices in Higher Education in the Master's Program.

**How you would describe your leadership style** – As a leader, I work hard to embrace collaborative effort, center equity and social justice, and build community.

**Favorite quote** – "It is not the critic who counts; not the man who points out how the strong man stumbles, or where the doer of deeds could have done them better. The credit belongs to the man who is actually in the arena, whose face is marred by dust and sweat and blood; who strives valiantly; who errs, who comes short again and again, because there is no effort without error and shortcoming; but who does actually strive to do the deeds; who knows great enthusiasms, the great devotions; who spends himself in a worthy cause; who at the best knows in the end the triumph of high achievement, and who at the worst, if he fails, at least fails while daring greatly."

– Theodore Roosevelt
